

**FREE - GO SAILING DAY,
Sunday 9th November 2008 - 11am-4pm**

**Come and try sailing!
It's FUN and FREE!!**

Altona Yacht Club is opening its doors and encouraging everyone to **Go Sailing!**

One of the hardest things about getting into a new sport is not knowing where to begin. If you want to experience sailing, then there's no better way than coming to a Go Sailing Day.

The day will give the public the opportunity to see and try a range of boats, as well as speak to yacht club members first hand about sailing and boating and also learn about the social aspects and benefits of being a yacht club member. There are activities that are suitable for all ages and people who have had varied levels of experiences so whether you want to bring the family or just yourself and whether you're looking to start from scratch or pick up an old hobby- everyone is welcome! The best part of all is that all the activities that run on the day are completely free.

Once you have come along to a **Go Sailing Day**, you will be surprised about how affordable, accessible and fun sailing and boating really is!

Club rooms Ph 9398 5859 for more information.

Wear suitable clothing for getting wet, spray jacket, old joggers and a change of clothes.

Fun for the whole family.
